

Flexi Foot Strut

Product Code: 10575 / 10580 / 10585 / 10590

Description

Premium quality recycled rubber foot, ideal for rooftop installations. High load-bearing properties, spreads installation weight evenly across footprint area. Added advantage of vibration and noise absorption which makes them ideal for roof or ground level installation.

With slotted channel inset to top of foot, to accept channel nuts for easy universal fitment.

Material

SBR-Recycled Rubber. Bound using a ratio of high quality, moisture curing Polyurethane Pre-Polymer. BS7188:1989+A2:2009.

Product Code	Width	Length	Height	Max Load per foot
10575	180mm	250mm	95mm	160kg
10580	180mm	400mm	95mm	240kg
10585	180mm	600mm	95mm	450kg
10590	180mm	1000mm	95mm	645kg

Metal Profile

Aluminium strut 41mmx21mm profile compatible with channel fixings.

Working Conditions

Suitable for internal or external application in temperatures between -40°C to 80°C. BSEN60068-2-14
